

REDEFINING THE CROSSBOW EXPERIENCE

FIRST & FOREMOST, WE ARE HUNTERS

- We look through our hunting lens to identify ways to make crossbows more accurate and user-friendly. Our CEO and Chief Engineer, Matt McPherson, and his team bring over 50 years of archery and design experience to this endeavor, while our state-of-the-art manufacturing ensures their vision is executed to the highest standards of quality and craftsmanship. Mission Crossbows are Made in the USA, built to endure, and backed by a lifetime warranty.

"VERY SMOOTH, NO RECOIL." — Ken Piper, Buckmasters

"Mission Crossbows has **RAISED THE INDUSTRY STANDARD.**"

— Todd R. Bromley, Crossbow Magazine

INTRODUCING THE SUB-1™

A NEW STANDARD IN CROSSBOW DESIGN

"The **DE-COCKING** is the greatest thing since sliced bread." — Daniel Hendrix,
President, American Crossbow Federation, Inc.

"For High-end crossbows, **MISSION HIT IT OUT OF THE PARK.**
I've heard hundreds of crossbows but **NEVER ONE THIS QUIET.**" — Tony Hansen, Outdoor Life

The SUB-1 was designed to be the most accurate, quiet, easy to use crossbow on the market. Capable of delivering groups sub 1 inch at 100 yards, the SUB-1 features an innovative trigger system that has the ability to safely de-cock with the push of a button. The 80% let off Sync X cams make cocking and de-cocking easy while eliminating nock travel for unparalleled accuracy. With its compact frame and uncompromising commitment to high quality materials, the SUB-1 promises an unmatched shooting experience. +

XCAM™

AVAILABLE FINISH

LOST CAMO AT

The Charge™ is the workhorse of the Mission Crossbow line, achieving a great balance of speed, accuracy and stealth. Featuring our patented Smart Guide™ Slide, it provides an ultra-smooth draw cycle for easy cocking. With the adjustable stock and ALRS™ (*Adjustable Limb Retention System*) Technology, the Charge can be customized to fit any shooter. Wider limbs result in less torque, propelling bolts down range at up to 365 fps with nock splitting accuracy. +

SPECIFICATIONS*

Speed	up to 365 fps (400gr arrow)
Physical Weight	6.9 lbs
Draw Weight	225 lbs (adjustable)
Powerstroke	12.75"
Length	32"
Axle-to-Axle	17.75"
